

PLAY FAST IN
WOMEN'S TENNISExperts Say Great Plains
Tournament Is Fastest
Played By Women.

Kansas City, Mo., June 27.—Continuing a class of play, said by local experts to be the fastest ever seen in a women's tennis tournament, the Great Plains tournament was scheduled to start its second day of play on the courts of the Rock Hill club with out of town entries still in the running.

Second and third round singles and first round doubles were expected to be started on the opening of play today.

BOWLING

Wild and Baird will meet in a return match on the Wisconsin alley, Monday night, in the first match. Wild won 249 to 197, Wild rolled 247 for high game.

Industrial League.
Scores in the Industrial League bowling matches on the Cactus alley, Monday night, were:

Polkman	191	24	25	245

JOHNNY HOPE AND OLD MAN EXPERIENCE

National League Race Is Undecided

No Team Has Any Great Advantage

By FRANK G. MENKE.

NEW YORK, June 27.—The race in the National League continues to doubt. The season is nearly half over, yet none of the teams have a decided advantage. Four are considerably in the race, with two others close enough up to cause their supporters to be slightly hopeful.

The Dodgers have the edge, so far. The Brooklynite hurlers, following the pace of Jeff Pfeffer, have been whirling at a terrific clip. The team, as a whole, has been hitting. Such a combination will furnish a right in any league all the time.

The Phillies refuse to do any cracking. They have demonstrated to date that their achievement of a year ago was not a fluke. Other teams were into the race considerably strengthened. The Phillies lineup of 1916 is almost intact. Yet that squad of Morans "mashers" continues to hang around first place with a grimace that is surprising.

Glants Very Erratic.
The Glants—heaven only knows what they will do. They have been so erratic this season that no one can forecast from one day to another what they are likely to achieve. First they started by losing 12 out of 15 games, burying themselves, as it were, in last place. Then they turned right around and won 17 straight. Following that they have played in and out of baseball, displaying flashes of brilliance one day, performing like cubs the next. The Glants are a dangerous team, and they seem to have sufficient power to place themselves in the top. But will they use that power?

Braves a Disappointment.
The Braves have been a disappointment. They never actually have started. All season long the brand of baseball they have displayed has been spotted. On paper, the Braves look like a pennant combination. They have the hitters, the fielders and the pitchers. They don't fight. Yet they have been sliding along. Fred Marshall Stallings, however, is hopeful. His club, he feels, is a warm weather outfit. The torrid spell is about over, and now comes the Boston test. Will the Braves move upward and onward—or won't they?

The Cubs, after a poor start, have been doing nicely. But they still are quite a jump from first place. Joseph Tinker is optimistic. He should be. His club is strong in every department. If the break begins to come the Cuban way, instead of going against them as in the past, Chicago will have its long delayed chance to exult.

Reds Are Coming.
The peepiest club in the Tenet circuit is that headed by Charles Lindbergh. Heredity looks so good that it occasions surprise to find them imbedded in second division. Herod explains this by saying that his pitchers—excepting the star—have rounded too slowly this season.

"The team as a whole is going along nicely now," said Herod. "I think we were beaten frequently but my pitchers weren't delivering and because we had some hard luck. Now we're ready. If we don't show up well from now on it won't be because of tough luck, but because we have faced better teams."

Pirates Are Mediocre.
The Pirates have played better baseball than was expected, but they are in seventh place. The chances are good that they will rise higher—not more than one notch at best. The team is too mediocre to figure in a pennant fight. The Cardinals, also, are going poorly but probably they have done the best they could. They are imbedded in the cellar, and when one gazes upon the makeup of the club, no surprise results. The Cards are the worst looking team in the league and they are in their proper element—last place.

Right now, Brooklyn looks like the best club in the league, with the Phillies as dangerous rivals. The Glants may cause trouble for both—and they may not. They are impossible to "dope." The Braves are the "dark horses." The Reds so dusky of time that the betting is about 100 to 1 against them.

The National league is drawing well this season—and wonder. With only about 150 points or so separating the first and sixth place team, and the season less than half over, it still is anybody's race that can sprint—and then maintain it.

LIONS CHANGE NAME TO S. W. COMMERCIAL CLUB
By unanimous decision of approximately 25 members at a luncheon held at the Zeigler hotel Tuesday, the organization formerly known as the Royal Order of Lions in future will be identified as the Southwestern Commercial club. The name was decided upon motion, as the most appropriate of a number of names submitted by various members of the club, since it was decided several weeks ago to sever all connections with the national order of Lions and that the club would act independently of this order.

The organization at present has an active membership of nearly 100. It will continue its former plan of holding luncheon on Tuesday of each week.

R. C. BAILEY'S CAR HITS MOTORCYCLE AND AUTO
A government motorcycle westbound on Montana was slightly damaged Monday night when it was struck by an automobile driven by R. C. Bailey at Montana and Newman streets. The striking motorcycle car is said to have swerved across the street and collided with another car driven by G. A. Bancroft, westbound.

MESENTER BOY LOSES BIKE.
Augustin Martinez, a Mexican messenger boy, reported to the police Tuesday morning that his bicycle had been stolen from in front of a clothing store on South El Paso street Monday night. Martinez did not lock the bicycle, he said, as he intended to return in a few minutes.

PEACE MEETING TO ALBUQUERQUE

Dr. Jordan to Leave Tonight; Mexican Delegates to Follow Wednesday.

Peace conferences will not hold their "peace conferences" in El Paso. The unofficial conference will be held at Albuquerque instead. Dr. David Starr Jordan announced at the University club Tuesday at noon that he would leave this evening for Albuquerque and would be followed by the other delegates to the unofficial conference.

Dr. Jordan announced that he would go to Albuquerque to hold the conference because he thought it would be less embarrassing for the Mexican delegates to the conference who are expected to join him at Albuquerque as soon as they arrive from Mexico. In a statement issued by Dr. Jordan's secretary, it was stated that the conference had not been changed to Albuquerque because of any feeling toward El Paso or because of anything which had occurred here, but because it was thought more desirable to have the conference away from El Paso.

To Cooler City.
"We are planning to go to a cooler city," Dr. Jordan said at the University club Tuesday. "No real reason we should meet here on the border and we do not wish to cause any embarrassment to the Mexican delegates. After we meet and confer we will make a report on our opinions as arrived at during the conference."

"I am opposed to Mexican intervention if there is any way out of it. The United States seems not to have been able to see any way out and I don't see any other way. We could see a way out of it if the people were educated and the leaders who could recognize the best interests of their people."

"If we do intervene it should be for the welfare of the Mexican people, for the starved, for the good of nations and for humanity in general."

CONFERENCE IMPROBABLE.
SAYS W. J. BRYAN.
Lake City, Ill., June 27.—Former secretary of state William J. Bryan made his first public statement regarding the proposed El Paso conference with Dr. David Starr Jordan and Frank P. Walsh, in a confidential address here Monday night.

"While anxious to do what I can, and I would go anywhere gladly, I have not thought it would be wise for me to attempt to do anything in the present situation unless, perhaps, with a sympathetic toward the action to be taken. I am anxious, indeed, to see the matter settled without resort to arms but I think it improper to do so of a conference on the situation," Mr. Bryan said.

E. M. FORD HEADS OAKLAND AUTO CO.
Following a directors' meeting of the Oakland Auto Sales company, the following statement was made on Tuesday morning: "E. M. Ford, for several years manager of Stacker Brothers of San Antonio and for the past year manager of the truck department of this company, has been appointed general manager of the Oakland Auto Sales company. Contracts for the new season have been signed and the prospects are for record business."

During the year he has been in El Paso, Mr. Ford has made a wide acquaintance among the motorists of the city.

WILL GIVE LEWIS VELISIR FIRST HEARING WEDNESDAY
The preliminary hearing of Lewis Velisir charged with murder in connection with the death of C. T. Nagle last Friday night, has been set for 2 p. m. Wednesday.

According to coroner J. M. Deaver, who viewed the body, Nagle was struck on the head with brass knuckles or some other blunt instrument. The barrel of a revolver was found near the body, but it was not brought with him when he came from Yuleta a short time before the body was found.

BAPTIST ASSEMBLY CLOSSES ITS CLOUDCRAFT SESSIONS
Cloudcraft, N. M., June 27.—The Baptist assembly here has just closed a very successful session. Plans were enthusiastically adopted to have a ten-day session June 27 to July 1, 1917.

Dr. J. F. Williams, of El Paso, Rev. R. F. Vermillion of Las Cruces; Dr. E. R. Atwood, of Albuquerque; Rev. Roy Day of Tucuman; E. E. Lee, of Dallas and Mrs. Elsie Moore Townsend, of Belton, were among the speakers of this year.

A number of noted speakers and Bible teachers will be secured for next year.

PEACE PROTEST IS PREVENTED

Movement to Prevent Peace Meeting Here Stopped By Business Men.

A protest movement against the holding of the unofficial "peace conference" in El Paso was stopped in El Paso Monday afternoon by a few cool headed business men.

The movement was started early in the afternoon when a number of El Pasoans and refugees met and urged that some kind of a protest be made to Dr. David Starr Jordan, the first of the peace conferees to arrive here.

It was even suggested that he be asked to leave the city and that, if he refused, he be ordered to leave. Strong expressions against the mission of the famous educator were expressed at this informal meeting and threats were made as to what would be done if Dr. Jordan came to the border to attend the meeting.

Meeting at Bank.
Hearing of these threats, the half dozen business men called a hurried meeting at a local bank, discussed the matter briefly and then called in Dr. W. J. Bryan, who came to the border to attend the meeting.

"We are planning to go to a cooler city," Dr. Jordan said at the University club Tuesday. "No real reason we should meet here on the border and we do not wish to cause any embarrassment to the Mexican delegates. After we meet and confer we will make a report on our opinions as arrived at during the conference."

"I am opposed to Mexican intervention if there is any way out of it. The United States seems not to have been able to see any way out and I don't see any other way. We could see a way out of it if the people were educated and the leaders who could recognize the best interests of their people."

"If we do intervene it should be for the welfare of the Mexican people, for the starved, for the good of nations and for humanity in general."

CADOMENE TABLETS
PRESERVE YOUR YOUTH
SOME MEN ARE ONLY HALF ALIVE
ARE YOU ONE OF THEM?
DON'T LET NERVE WEAKNESS ROB YOU OF THAT WHICH IS YOURS
CADOMENE TABLETS

Were not made for primeval man, but for the men and women of today who, through overwork, worry, and other exhausting influences, have lost the balance of things; whose nerves cry out with pain, and whose muscles and tissues have deteriorated and become flabby and are thus depleted of normal energy and strength until their physical power and elasticity is gone and their brain and nerve cells are tired out.

If you haven't that vigorous go-ahead feeling, if you are suffering with melancholy, sleeplessness, trembling weakness, fearfulness, headache, pains in back, then you need the grateful and beneficent effect of Cadomene Tablets to aid, to restore nerve force and energy. Cadomene Tablets is a true tonic to the nervous system; it conveys to the nerve cells of body and brain that which is necessary to rebuild and invigorate them.

Cadomene Tablets give to the system something to build strength from and arouse to renewed activity the exhausted forces of the nervous system. They put force and elasticity into the nerves and tissues and increase the capacity for accomplishment; they renew energy and increase the ability, the desire to live, to accomplish, to enjoy.

Cadomene Tablets give to the entire system strength that is more than real muscular strength—the strength of better health, abundant nerve force—the strength of keen relish and ambition.

Cadomene Tablets are sold with a money-back-if-not-satisfied-guarantee—and may be obtained of all first-class druggists, in sealed tubes, with full directions for self administration.

RELATIVES SAY HEARD SHOT AND SAW MARCELA YBARRA FALL TO FLOOR.
Mystery surrounds the death of Marcela Ybarra, aged 19 years, a comely young Mexican woman, whose body was found on the floor of her room at 1101 East Fifth street, early Tuesday morning with a bullet wound in the left breast, probably from a small calibre pistol lying within a few feet of the body. Coroner James M. Deaver, who was notified of the unfortunate incident shortly after it occurred, relatives testifying that they heard the shot and rushed into the room in time to see the girl fall to the floor.

The bullet entered the girl's left breast and caused instant death, in the opinion of the coroner. No note was found giving the cause of the suicide. Relatives are at a loss to know why the young woman committed suicide, as she was apparently in the best of health. She is survived by a brother, Carmen Ybarra, an employee of the Nations Meat company, and had resided in El Paso for a number of years.

The body was removed to the J. J. Kaster undertaking chapel.
